Member

Idan Meir
Member

Why should I join?

- When you join the SCL you join both national and international networks
- SCL organises events and discussions all over the world – the International SCL event will take place 18-20.10.2023 in Istanbul
- Gain access to professional articles, case studies and documents by the world's leading individuals in the field of construction
- We value the time of our members – our events are not political, not commercial, and are 100% aimed to serve our members and provide them with valuable, practical, and professional knowledge

A construction worker wearing a yellow hard hat, a plaid shirt, and a yellow safety vest is shown in profile, looking at a smartphone. The background is a blurred construction site with wooden framing and concrete structures. The text is overlaid on the image in white, with the email address in blue and underlined.

SCL members will be notified of future events and will receive discounts (when not free)
SCL Israel thrives on its network. If you're a professional in the field of construction – we want you!
To register, send us an email to info@scl.org.il

THANK YOU!
